**Percentage of power requirement of the University met by the renewable energy sour**

The College has taken following initiatives to make the campus ecofriendly:

- i. Energy conservation: Our buildings and classrooms have natural light and ventilation. Hence, there is minimum requirement of electricity in the classroom at day time. It is used only during extreme conditions. The Principals natural air conditioned cabin is provided with curtains to make it more effective. Compact Fluorescent Lamps (CFL) and LED lamps are used instead of 40/60 watts incandescent bulbs. All lights are switched off immediately when not required. Computers, printers and electronic instruments which are not in use are closed down. To avoid the wastage of electrical energy, it is ensured that fans are put off in the unoccupied classrooms or laboratories. The college with its entire campus follows strictly the dictum - 'SAVE POWER, SAVE WATER'
- ii. Use of renewable Energy: The college has planned to increase usage of solar energy in the near future by establishing solar panels, and the proposal in this regard is to be submitted to the Ministry of New and Renewable Energy.
- iii. Water harvesting: In the college campus, there is a big digging space for storage of water. The rain water from the tin roof is collected through percolation in the digging space. The water collected is used for gardening and other secondary purposes. Drip water system is used for plantation. Plumbing maintenance is done on regular basis to prevent the wastage of water.
- iv. Check dam construction: A Check dam has been constructed for the storage of rain water which not only provides water to the well but also increased the water level of the land in the campus.
- v. Efforts for Carbon neutrality: The college often makes efforts for Carbon neutrality. The college is situated in the outskirts area on the verge of the city. Plantation scheme by NSS Volunteer is implemented effectively. There is minimum use of refrigerators, air conditioners and other carbon emitting equipments in the college. Hence, there is meager scope for the carbon emissions tests. Cigarettes and tobacco products are strictly banned in the campus.
- vi. Plantation: The college has developed a botanical garden having varieties of botanical and medicinal plants. In it, there are varieties of ornamental plants. To evolving a Green Campus in reality, the NSS and NCC units along with other students undertake maintenance and plantation of trees in the campus.
- vii. Hazardous waste management Perilous waste from science laboratories is managed safely. Waste chemicals in the chemistry lab are properly disposed by dissolving them in water or by keeping them in protected zones.
- viii. Hazardous waste management Exhaust fans are installed in the laboratories to exhaust the hazardous gases.
- ix. Hazardous waste management The e-waste like electronic equipments, empty toners, outdated computers, CDs, batteries, pen drives and different electric / electronic items are disposed of

**7.2 - Best Practices**

7.2.1 - Describe at least two institutional best practices

(A) Best Practice I : 1) Title : Academic and Administrative Audit (AAA) 2) Goals : i. To get the college assessed through the external panel of peers ii. To enhance the quality of the college by seeking suggestions and recommendations from the panel iii. To know the status of the college at academic and administrative level. 3) Context: The college gives prime importance to quality education adopting quality measures. One of the ways to ensure quality is to evaluate the performance of the college through self-assessment ; volunteer itself for assessment by the external Panel of peers. The Academic and Administrative Audit of the college is carried out at the end of every academic year to evaluate the performance of the college in academic and administrative practices. 4) The Practice: The Academic and Administrative Audit is carried out by the Panel of the peers at the end of every academic year. The panel consists (1) the Senior Principal, (2) three senior teachers from the Arts, Commerce and Science faculties, and (3) one senior member from the administrative staff. All the members of the Panel are from other colleges. The audit is carried out as per the format prepared by the Panel taking into consideration the guidelines of the NAAC for accreditation of the institutions. The panel visits the college on the scheduled date as per the programme prepared well in advance. The panel interacts with the Principal, faculties and the administrative staff, as well as, visits the departments and support services. The panel verifies the documentary evidences available for validation. The panel also observes seriously whether the suggestions made by the previous panel have been rectified properly. The panel submits a detailed report to the Principal in the Exit Meeting based on SWOT analysis. 5) Evidence of Success: Due to the Academic and Administrative Audit (AAA), the overall profile of the college has been enriched with more number of research activities (increase in MR publications, presentations, organization of national seminar conferences, etc.), introduction of CoCs for career / skill development, introduction of new research centres, of cultural sports and extension activities. The profiles of the individual teachers have also been enriched due to their active participation in research, academic, extension and other activities. The number of scholarship holders has been increased. The administrative work has become up to date. Due to the AAA practice, the teaching learning and administrative works have become disciplined. 6) Problems Encountered and Resources Required: The main problem for implementation of AAA, sometimes the members are reluctant to come to hilly area on a particular date due to their individual schedules. 7) Contact details: Name of the Principal : Dr. Shivdas Z. their difficult chapters in difficult subjects iii. To undertake  
remedial coaching to hostel students at Kille Dharur with the  
subjects like English, Maths, Science, History and Social Science

The Context: The college gives prime significance to quality  
education to the surrounding hostel students at Kille Dharur by  
adopting quality measures. One of the ways to ensure quality is  
to teach difficult topics / chapters to these students by the expert  
faculty of the college. The faculty also evaluates the performance  
of

the students. 4) The Practice: Every year, the expert panel of  
Teachers visits the surrounding hostels at Kille Dharur. After taking  
a note of difficult topics in various difficult subjects by the  
faculty, the Vice Principal of the college, Dr. M. N. Gaikwad  
prepares a detailed TimeTable for remedial teaching. Each Teacher is  
asked to engage remedial coaching to these students accordingly.

Teachers of English, Mathematics, Science and Social Science take  
part vigorously and teach the students difficult topics in the  
healthy atmosphere. The teachers also take oral feedback of the  
students' acquisition of knowledge. The practice is found to be  
fruitful to the students in hilly area especially students with  
socially and economically weaker backgrounds. 5) Evidence of Success

There is 99% success rate of the practice in socially and economically  
weaker hostel students at Kille Dharur Dist. Beed, a remote and hilly area  
in the entire Marathwada Region. 6) Problems Encountered and  
Resources Required: The practice proved to be fruitful. However,  
slow learners from the hostel sometimes felt the remedial coaching  
tedious and troublesome. This is perhaps due to their hectic schedule in  
hostels. 7) Contact details: Name of the Principal : Dr. Shivdas
